

FOOD FOR THOUGHT

In the beginning God created the heaven and the earth. (Genesis 1:1)

In times of discouragement, it's comforting to know that we serve "the" God who literally created the heaven and the earth. No other god has that accomplishment to their credit. If we could just grasp the reality of this, we would begin to declare the word of God concerning our situations, realizing that if God can create the entire world, he can do anything.

Therefore when we begin to feel overwhelmed, let us look up and all around us and see the glory of God in creation; then we will stop going to God telling him how BIG our problems are, but we will go to our problems and tell them how BIG our God is.
