

## FOOD FOR THOUGHT (Week #23)

Jesus Christ the same yesterday, and today, and forever. (Hebrews 13:8)

We are living in a society that is ever changing. Things that used to be unacceptable are now acceptable. For example: There was a time on television where cursing, smoking, nudity and sex were not allowed. Now it's hard to find a program that does not have these things.

There was a time when skipping classes was the biggest problem in school. Now some of the biggest problems are bullying, and children bringing weapons.

There are so many other things that have changed in our world today and because of that, the moral fabric of our society seems to be decaying. However, it's wonderful to know that the God we serve NEVER changes. He is immutable. His power, his strength and his character will always be the same.

As believers, let us draw our strength from the one who never changes and allow him to help us to hold onto unchanging principles in a changing world.
