

## FOOD FOR THOUGHT (Week #27)

So God created man in his own image, in the image of God created he him; male and female created he them. (Genesis 1:27)

When God created us, he created us in his own image. Image is defined as an imitation or representation of a person or thing.

With that in mind, as confessing children of God, we should be reflections of God and his characteristics. Love, compassion, kindness, goodness and all that God represents, should be mirrored in our lives daily. They should permeate our being and be reflective in our actions and words.

The best sermons that are preached are in the lives that we live every day. As the world observes our character, let them see the virtues of Christ shining brightly.

As we live our lives to the glory of God, let us ask ourselves in all that we do and say, "what would Jesus Do?" Then let us go forth and do the same.
